Projects

Milky Way Battles
July 2017
milkywaybattles.online
A space themed arcade shooter where you "pew-pew" until you die. This project utilized JavaScript and Phaser framework while on the backend for the scoreboard, Node.js and Express.

Ghibli-Movies
October 2017
https://ghibli-movies-42c8d.firebaseapp.com/
A movie app that allows you to browse Studio Ghibli Movies. All built in React and JavaScript.

Kojomon
September 2017
https://kojomon-ae289.firebaseapp.com
A plant themed tamagotchi game built with JavaScript, Node.js, Express HTML, and CSS

Experience

Waitress **Village Tavern**
September 2016 - July 2017
Pioneered and delivered the way in customer service by providing customized service to guest while maintaining the "all hands on deck" mentality in myself and coworkers.

Jack of All Trades **Buca Di Beppo**
August 2014 - August 2016
Guided front of the house staff to deliver full customer satisfaction while maintaining teamwork and cleanliness.

Customer Support Agent **Dish Network**
January 2014 - August 2014
Assisted customers with billing to technical support issues over the phone.
